Microblading: \$400

Eyebrow microblading is a form of permanent makeup that mimics real hair. It is a procedure which deposits pigment in the skin using carefully placed microincisions creating a more desireably shaped brow. This procedure will need to be touched up yearly.

Powder Brow: \$400

Powder Brow is a long lasting form of permanent brow shaping. A shape is determined, outlined, and filled in with a traditional permanent makeup pen. This procedure will not need touched up for 10-15 years.

Eyeliner: \$400

Permanent eyeliner procedure is done by numbing the eye area and creating a line of pigment around the eye area. This pigment will need touched up around 10-15 years.

Lips: \$400

The lip area will be numbed and pigment is placed using a permanent makeup pen. This procedure usually requires a follow up refill in 4-6 weeks for solid color retention. Then it will not need a touch up for 5-10 years
